

# **SAVE the Date**

Grade 5 Science Lung Dissection Date

Just a note to let you know that 5th Grade Science classes will be dissecting Pig lungs on Wednesday, May 4, 2016 at 1:00-1:45 in the Elementary Gym. Both Sivertsen and VanZee classes will meet as one group and work in partners.

We would like to have parents in attendance to assist the students in following the step by step instructions and supervise for safety purposes--we will be using sharp tools. So if you are able to help us that would be great. Another note will be sent home as we get closer to the date. Also remember to check my website for pictures of activities and announcements.
